

GLOVER OLAOLUWA

SOFTWARE DEVELOPER

PROFESSIONAL SUMMARY

Versatile Software Developer, skilled in developing business plans, requirements specifications, and user documentation, with strong written and verbal communications. Talented at cultivating a collaborative and supportive team environment. True team player with strengths in adaptability and accuracy.

WORK EXPERIENCE

Bluelight Agency / Software Developer

October 2019 - Present, Lagos Nigeria

- Collaborated with project managers to select ambitiously, but realistic coding milestones on pre-release software project development.
- Revised, modularized, and updated old code bases to modern development standards, reducing operating costs, and improving functionality.
- Performed software testing to uncover bugs and troubleshoot issues prior to application launch.
- Gathered and defined customer requirements to develop clear specifications for project plans.
- Developed software for both desktop and mobile operating systems, including Windows, macOS, as well as Android, and iOS.

HNGi7 / Frontend Developer Intern

April 2020 - June 2020, Remote

- Planned website development, converting mockups into usable web presence with HTML, JavaScript, AJAX, and JSON coding.
- Employed coding practices based on commonly accepted standards to establish site layout and user interface.
- Collaborated with other developers, representing the web team to establish project goals, projections, and milestones.
